

The NEW FORCE in **GARAGE** Roller Shutters

COMMERCIAL

FORCESHIELD

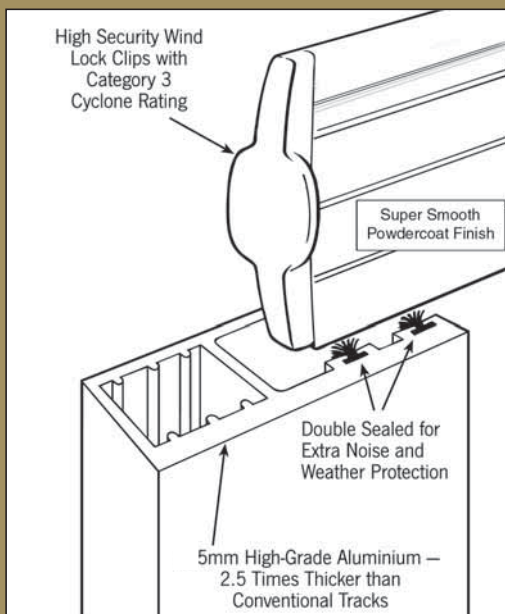

LOW HEAD ROOM + MAXIMUM SECURITY

WHY IS COMMERCIAL FORCESHIELD SO STRONG AND SECURE?

- ✓ 5mm thick high grade aluminium tracks that are **extra wide and 2.5 times thicker and 3 times heavier** than the conventional ones.
- ✓ Extruded double walled profile.
- ✓ High security glass nylon reinforced rivotted wind lock clips.
- ✓ Category 3 cyclone rating.
- ✓ The strongest extruded shutter and tracks of this profile available in Australia.

WHY DOES COMMERCIAL FORCESHIELD LOOK SO GOOD?

- ✓ Covers a massive 5 metres in a single span.
- ✓ Rolls into a smaller neater pelmet box than conventional commercial roller shutters.
- ✓ Has a high gloss, super smooth, maintenance free, powdercoated attractive finish in a range of colours.
- ✓ Sign writers dream to paint (ask us for a price).
